## CHANGE IN COMMAND

In United States Forces Now  
In the Philippine Is-  
lands.

GENERAL MARCUS MILLER

To Be Retired on Account of Age  
March 27—Loss of His  
Services Regretted in Washington.  
Colonel Thomas H. Anderson to Suc-  
ceed to the Command.

Washington, March 10.—A change in  
command of the United States forces at  
Hilo will occur on March 27, resulting  
from the retirement of General Marcus  
Miller, who on that date reaches the age  
limit of 64 years. General Miller is in  
the regular service, having been pro-  
moted only recently to the rank of brig-  
adier general. If he were in the volun-  
teer service his retirement would not be

GENERAL MILLER.

compulsory, a precedent to the contrary  
having been established in the case of  
several other general officers who held  
commands during the Spanish war.  
General Miller's services in the Philip-  
pines have been recognized by the war  
department as of great value, his cap-  
ture of Hilo without loss to the Ameri-  
can forces having marked an important  
epoch in the operations in the islands.  
His compulsory retirement is a matter  
of regret to the department. He will  
be succeeded in the natural order of pro-  
motion by Colonel Thomas H. Ander-  
son, who now ranks as a brigadier gen-  
eral of volunteers.

SITUATION AT DAWSON  
United States Consul Reports Condi-  
tions Serious as to Food.

Washington, March 10.—The United  
States consul at Dawson, J. C. McCook,  
under date of Jan. 31, informs the de-  
partment of state concerning the condi-  
tion of the people there as follows:

"The situation as to persons who will  
be out of food in a couple of months has  
become very serious. Many hundreds  
will be so situated and will have to be  
helped out when navigation opens.

"Many have gone out over the ice and  
are going out daily while more are re-  
maining in the hope that they will be  
able to strike some pay on claims they  
either own themselves or are working  
on claims leased from others.

"Applications are daily at this office  
for relief.

"The indigent sick so far have been  
taken care of by the relief committee  
and by the local authorities, the latter  
seeing the necessity of taking a hand in  
relief work.

"The destitute sick, while many of  
them are not paupers in the strict sense  
of the word, being temporarily without  
funds, are compelled to call on the relief  
committee, and will finally pay when  
they hear from the outside with remis-  
sion.

"The relief committee at this place is

When Baby's Ill.  
When the little loved one is sick, when  
his brow is fevered, his pulse rapid, his  
features pinched with pain and there are  
great blue circles under his eyes, the mother  
hovers about the bedside, and with anxious  
eyes tries to read the meaning of every ex-  
pression upon the physician's face.

A woman may save herself almost all of  
this worry about her children if she will  
but take proper care of her womanly  
health during the period of gestation. A  
child born of a mother who is thoroughly  
healthy in a womanly way will almost  
unfailingly be healthy and robust. Dr.  
Pierce's Favorite Prescription acts directly  
on the delicate and important organs that  
bear the burdens of maternity. It makes  
all internal ulceration and inflammation.  
It stops debilitating drains. It fits for  
motherhood and insures a healthy child.  
Thousands of happy mothers have testified  
to its merits. When my older child was  
born I suffered terribly. I don't know how  
to thank Dr. Pierce enough.

"A lady told me that Dr. Pierce's Favorite  
Prescription was good to take when with child,"  
writes Mrs. Annie Simpson, of No. 12 Chelms-  
ford street, Lawrence, Mass. "I was suffering  
terrible pains, and was unable to get about the  
house without being in misery. I began taking  
Dr. Pierce's Favorite Prescription and the first  
bottle greatly relieved me. I took three bottles  
before my baby was born, at which time I suf-  
fered very little. The baby has been healthy  
since birth, and is now three months old and  
weighs fifteen pounds. When my older child  
was born I suffered terribly. I don't know how  
to thank Dr. Pierce enough."

They don't simply give temporary relief,  
but are a permanent cure—Dr. Pierce's  
Pleasant Pellets for constipation. They  
never grip. One little "Pellet" is a  
gentle laxative and two a mild cathartic.

Forty-two sugar mills are now grind-  
ing in Havana province and 55 in the  
province of Matanzas, where the cap-  
acity of the mills is largely in excess  
of the crop, which is only one-third of

unable to extend any more aid, as all  
funds collected have been exhausted and  
they are some \$2,000 in debt.

"The greatest evil, however, will be  
the large number of people who will  
have exhausted their supplies, and who  
will fail to succeed in getting paying  
claims.

"I know it is not customary for any  
nation to provide for destitute citizens  
out of their country, still I feel it is my  
duty to put this matter before you to  
take whatever action you may deem  
best."

## LIST MADE UP

General Officers Who Will Be Re-  
tained in Volunteer Service.

Washington, March 10.—The presi-  
dent has practically made up the list of  
the general officers to be retained in the  
volunteer branch of the service. The  
basis of all the calculations is an army  
of 65,000 men, for the president has so  
far insisted that he will not call for vol-  
unteers in addition to that number un-  
less an emergency should arise. The  
reorganization act limits the number of  
major generals to be appointed to one  
for each 12,000 men and the brigadier  
generals to one for every 4,000 men in  
actual service.

There are already three major gen-  
erals in the army—General Miles, General  
Brooke and General Merritt. To fill  
the other two places the president has  
selected General Shafter and General  
Otis. It is safe to say that the list of  
brigadiers to be appointed will include  
the following names: General Wood,  
at Santiago, General Wilson, at Ma-  
tanzas, General Lee, in the province of  
Havana, General Davis, now on duty  
with the court of inquiry into the beef  
supplies, General Ludlow, in command  
of Havana city, General Lawton, near-  
ing Manila, General McArthur, at Ma-  
nila, General Chaffee and General  
Frank.

## NO GROUND

For Anxiety as to Conditions at  
Santiago.

Washington, March 10.—So many  
sensational publications have been made  
concerning the alleged disturbed affairs  
in Santiago that the secretary of war  
cabled to General Wood to ascertain the  
facts. General Wood has replied that  
there is absolutely no ground whatso-  
ever for apprehension or anxiety as re-  
ported.

General Ludlow has cabled to the war  
department from Havana that the  
deaths in that city of February, 1899,  
are 51 per cent less than for February,  
1898.

Tested a New Magazine Rifle.

Washington, March 10.—There was a  
private test at the navy yard yesterday  
of a new magazine rifle, the invention  
of S. M. McLean of Cleveland. General  
Miles and some other army officers wit-  
nessed the test. The new gun uses the  
gases generated by the firing to operate  
the magazine mechanism. It can be so  
arranged that one pull of the trigger  
empties the magazine, or it can be fired  
as slowly as desired, the automatic ar-  
rangement ejecting the empty shell, re-  
loading and cocking the piece. The  
test on the whole was satisfactory.

Treasury Statement.

Washington, March 10.—The state-  
ment of the condition of the treasury  
shows: Available cash balances, \$964,  
449,699; gold reserve, \$280,159,097.

## MANILA

Rebels Attempt to Terrorize a  
Village--General Lawton  
Arrives.

Manila, March 10.—Rebel incendiaries  
landed at the village of Pandacan last  
night for the purpose, it is alleged, of  
terrorizing those of the inhabitants who  
do not sympathize with the insurrec-  
tion. A number of native houses were  
destroyed.

The United States transport Grant,  
which sailed from New York, Jan. 19,  
having on board Major General Lawton,  
the Fourth infantry and a battalion of  
the Seventeenth infantry, arrived this  
morning.

With the exception of San Pedro, Ma-  
cat, where Filipino sharpshooters in-  
cessantly annoy the American troops,  
matters are unusually quiet along the  
line.

The weather is much cooler today.

FINANCIAL OBLIGATIONS

Cuban Military Assembly to Be Ig-  
nored in Such Matters.

Havana, March 10.—Governor General  
Brooke has received a suggestion from  
Secretary Alger to notify the Cuban  
military assembly that the United States  
government will not recognize any finan-  
cial obligation entered into by any per-  
sons claiming to represent the people of  
Cuba without the authorization of Presi-  
dent McKinley. He will comply with  
the suggestion and will publish a state-  
ment to the same effect in the newspa-  
pers of Havana.

In connection with the question of  
taxes, General Brooke is considering the  
abolition of stamped paper required by  
the old Spanish law to be used for all  
documents in civil suits. All parties to  
such litigation are compelled to use  
paper varying in price according to the  
amount involved. Major General Wil-  
son, military governor of the depart-  
ment of Matanzas, has reported a case  
which came before the Audiencia terri-  
torial at Matanzas City, where the  
amount involved was \$100,000 and the  
stamped paper exceeded 300 sheets at \$3  
per sheet. The stamped paper for use  
in deeds and wills costs as much as \$37  
per sheet and there is a fine for neglect-  
ing to use it in the preparation of such  
documents.

Forty-two sugar mills are now grind-  
ing in Havana province and 55 in the  
province of Matanzas, where the cap-  
acity of the mills is largely in excess  
of the crop, which is only one-third of

Other Indiana News.

Rochester, Ind., March 10.—A new  
society, called the Indiana Teachers'  
Co-operative association, which had its  
birth in Fulton county more than one  
year ago, promises to extend its work  
into all parts of the state. It is in-  
tended to aid in the elevation of school  
teaching, and will aim to secure its  
membership professional recognition;  
to encourage the employment of strictly  
professional teachers; to find suitable  
positions for its members; to provide  
more books and magazines for the school-  
room, and to secure to the teacher his  
full legal rights. The membership is  
limited to 3,000, and the stock is fixed at  
\$5,000, making the membership \$2. The  
membership is of three grades, deter-  
mined by the standing of the teacher.  
A meeting will be held at Fort Wayne  
on the 31st inst., at which time many  
parts of the state will be represented.

\$7,000 FOR AN ARM

Brakeman Wins His Suit Against the  
Illinois Central.

Indianapolis, March 10.—Harris Bun-  
dy, a brakeman on the branch of the  
Illinois Central passing through North  
Judson, while coupling cars in Decem-  
ber, 1894, had his arm crushed so badly  
that amputation was necessary. He  
brought suit against the railroad com-  
pany, asserting that his injury was due  
to his foot catching in some wires be-  
side the track, used to operate an inter-  
locking switch railroad crossing, which  
was not properly guarded. He recovered a  
judgment against the company for \$7,000,  
which has just been affirmed by the su-  
preme court yesterday.

DETERMINED TO DIE.

An Old Man Who First Shoots and  
Then Hangs Himself.

Lebanon, Ind., March 10.—Edward  
Wanick committed suicide near here  
yesterday. He first shot himself and  
then hung himself to an apple tree. Mr.  
and Mrs. Wanick are an old couple who  
became acquainted through a matri-  
monial agency, the old man coming  
from the northwest to marry the woman.  
His wife recently sued for a di-  
vorce, and the trial was to have begun  
yesterday. Before deciding Wanick  
broke all the glassware and dishes in  
the house and then demolished the fur-  
niture.

CUTTING AFFRAY.

Fatal Results.

Petersburg, Ind., March 10.—A cut-

neck with a knife, inflicting a wound  
which caused death. Lamp is 14 years  
old and Patterson 12 years old. Both of  
the boys' fathers are respected citizens  
of this place, and the sad affair is deeply  
regretted. Lamp has been placed in jail.

Huntington, Ind., March 10.—Lon  
Oates tried to kill his brother-in-law,  
Israel Kayler, with a potomasher, and  
he was arrested for murderous assault.  
A few years ago he attacked Kayler  
with a butcherknife, cutting off one of  
his fingers, for which he was sent to  
prison for two years.

Fiend Who Assaulted a Thirteen-  
Year-Old Girl.

Lena, Ind., March 10.—This place is  
terribly wrought up over an assault on  
the pretty 13-year-old daughter of John  
Burbank, a wealthy farmer, by John  
Murphy, a married man, and a tenant  
on Burbank's farm. Murphy was caught  
by several neighbor women. Burbank  
kept the angry neighbors off, and held  
Murphy at the point of a shotgun until  
the officers arrived. He is now in jail  
under heavy bonds.

## CLOSE CALL

Chicago Electric Car Narrowly Es-  
capes Plunging Into the River.

Chicago, March 10.—Fifty people nar-  
rowly escaped death last night in an ac-  
cident to a Halsted street electric car at  
North Halsted street bridge. Approach-  
ing the bridge at a rapid rate of speed  
the motorman of the car failed to notice  
that the bridge was open. When with-  
in a few feet of the river he suddenly  
discovered the danger and put on the  
brakes, at the same time endeavoring to  
reverse the electric current. In spite of  
his efforts the front part of the car ran  
down upon the abutments of the bridge  
and hung there. One foot further and  
it would have plunged into the river 80  
feet below, and as it was jammed with  
passengers, the loss of life must have  
been frightful.

The motorman, thinking that the car  
was doomed, warned the passengers and  
then jumped into the river. The tipping  
of the car on the abutment, accompa-  
nied by a panic among the passengers,  
caused a panic among the passengers  
and they made a wild stampede for the  
doors. During the rush for safety four  
of the passengers were injured. They  
are: Albert Rose, ankle sprained; Mrs.  
Mary Farnsworth, prostrated by fright;  
Charles Richter, ankle sprained; Minnie  
O'Houlihan, cut by falling glass from  
the windows of the car.

The motorman after jumping into the  
river managed to catch some pines and  
keep his head above water until he was  
dragged out.

WARM RECEPTION

Gang Undertakes to Hold Up a Town  
With Fatal Results.

Noel, Mo., March 10.—An unsuccess-  
ful attempt was made by an organized  
gang to hold up and rob this place. The  
citizens had been warned and were pre-  
pared for the gang. One robber was  
shot and killed by Louis Smith, a saloon  
keeper, and another of the robbers was  
arrested. The killing reminded the ro-  
bbery in the bud, the remainder of the  
gang escaping. There is nothing on the  
dead robber to identify him.

Masonic School.

El Paso, Ill., March 10.—A Masonic  
school, under the auspices of the grand  
 lodge of the state, is in session here,  
with an attendance of over 150. It is  
the only school held in this part of the  
state this year. Among the noted Mas-  
ons present are Messrs. Grimes, Ash-  
ley, Evans, Rose and Ennis of the board  
of grand examiners; also Edwin Cook,  
grand master of the Illinois Masons. A  
number of the deputy grand lecturers  
are also present.

Prices to Be Advanced.

Chicago, March 10.—The stove manu-  
facturers who met at the Auditorium  
hotel declared upon adjourning yester-  
day that, owing to the increase in prices  
of raw material, they were compelled to  
advance prices 10 per cent. It was tacitly  
agreed also, that still further ad-  
vances will be made in the near future.  
The 10 per cent increase will take place  
at once and the second within 60 days.

Not Even a Wardrobe.

New York March 10.—Neilson Bur-  
gess, better known by his stage name of  
Neil Burgess, the actor and stage man-  
ager, yesterday filed a voluntary petition  
in bankruptcy. His total liabilities are  
\$104,059; all unsecured; no assets, and  
not even a wardrobe.

## TALMAGE RESIGNS

Will Now Devote His Time to Liter-  
ary Pursuits.

Washington, March 10.—Rev. Dr. T.  
Dewitt Talmage, who for nearly four  
years has been pastor of the First Pres-  
byterian church of this city, yesterday  
sent a letter to the session of that church  
tendering his resignation. The explana-  
tion made in the letter is as follows:

"The increasing demands made upon  
me by religious journalism and the con-  
tinuous calls for more general work in  
the cities have of late years caused fre-  
quent interruptions of my pastoral work.

REV. T. DEWITT TALMAGE.

It is not right that this condition of af-  
fairs should further continue. Be-  
sides this, it is desirable that I  
have more opportunity to meet  
face to face in religious assemblage those  
in this country and other countries to  
whom I have, through the kindness of  
the printing press, been permitted to  
preach week by week, and without the  
exception of a week for 80 years. There-  
fore, though very reluctantly I have  
concluded, after serving you nearly four  
years in the pastoral relation, to send  
this letter of resignation. It is the in-  
tention of Dr. Talmage to continue his  
residence in this city. He will devote  
most of his time to literary pursuits.

## PINGREE'S

Railroad Tax Bill Is Ready For the  
Governor's Signature.

Lansing, Mich., March 10.—The Pin-  
gree-Atkinson bill, providing for taxa-  
tion of railroad, express, telegraph and  
telephone property on a basis similar to  
that upon which other property is taxed,  
passed its final stage in the house late  
yesterday afternoon, when that body  
concurred in all the amendments to the  
bill made by the senate. There were  
no dissenting votes upon the question of  
concurrence, and the bill now goes to  
Governor Pingree for signature, which  
it is expected to receive without doubt.  
The enactment of the bill is regarded as  
a great victory for Pingree.

leged Violations of Labor Law.

Portland, Ind., March 10.—Daniel  
Beatty, one of the members of the  
Beatty-Brady glass factory of Dunkirk,  
was arrested here yesterday on six

## Poisoned by Grip.

It is an awful thing to feel that the blood that goes coursing through your veins on its mission of feeding, building up and strengthening your nerves, brain, muscles, bones and sinews, may be polluted with a subtle and deadly poison which only awaits an opportunity to strike a deadly blow to your health, and possibly to your life.

Everyone who has had the grip and has not taken the pains to thoroughly cleanse the system of the poisons which that terrible disease creates in the blood is having just that experience. The hour when the blow will come may not be known; but that it is surely coming there is no room for doubt.

Do not wait until it is too late before you begin to fight this dreaded poison. Begin now, and begin with a remedy that is sure to help you. Dr. Miles' Nervine is an antidote for grip poisons. It strengthens and invigorates the nerves and gives them the power to search out and kill the germs of disease. It whets the appetite, aids digestion and makes new, rich blood to take the place of the poisoned products that are driven out.

"After a very severe attack of La Grippe I found myself suffering from aggravated heart trouble. I had palpitation, shortness of breath and experienced a dull pain and smothering feeling in my left breast. I was very nervous and restless and could sleep but little day or night. I began taking Dr. Miles' Nervine, and received so much help from it that I followed every dose with Dr. Miles' New Heart Cure. In a few weeks my health was restored and I have had no return of the trouble in seven years."

MRS. TRUMAN TEMPLE,  
Granville, N. Y.

A trial package of Dr. Miles' favorite treatment for the grip, consisting of Dr. Miles' Nervine, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending name and address on a postal card, requesting the samples and naming this paper. Address Dr. Miles Medical Co., Elkhart, Ind.

After the minutes were read and approved reports from the standing committees were called for.

The finance committee presented a bill for \$176, the expense of committee that was at Indianapolis during the legislature looking after interests of city. Referred.

The fire committee reported that John Stout was employed on the railroad and could not be secured to repair fire engine. Committee instructed to use its own judgment in having the work done.

DeGolyer of grade committee, asked that the engineer be instructed to give property owners, who own property abutting alley proposed to be opened in 5th ward, the proper line to which to set their fences. So ordered.

Grade committee given more time to report on sidewalk improvement along city cemetery.

The time having arrived for hearing objections to sidewalk improvements for which resolutions were passed four weeks ago, objections were called for if any there were.

No objections to improving walks on 5th and 6th streets.

J. H. Hodapp stated briefly his objections to improvements on 7th street. Street was very narrow and in time would have to be widened. As they now were only a scant 3 ft. walk could be put down and then since there was no immediate demand for the improvement he asked that it be deferred. He spoke also for Mr. Godfrey who owns property on same block. Mr. Hodapp also stated that Mrs. Lounsberry re-

spectfully asked to be relieved from making the improvement now as it would work a hardship on her. C. A. Saltmarsh asked that the improvement be deferred until the anticipated changes in the width of the street were agreed upon. Jno. A. Ross said the improvement on 7th, east of Ewing street would benefit no one and would result in a damage to the owners of abutting property.

By resolution of Bartlett it was decided to defer the sidewalk improvement on 7th street east of Ewing.

On motion of Shepard the matter of letting contract for sidewalk on St. Louis avenue between Chestnut street and Indianapolis avenue was deferred until street improvement is determined upon.

Objections were made to improvement on Cincinnati avenue on Vine street, on Brown street and on Poplar, but all were overruled by council. Many of those who signed remonstrances had already made conditional contracts for the work, and the same were handed up as soon as remonstrances were disposed of.

The council then listened to the reading of certificates from property owners showing that the larger part of the work to be done had been contracted for. W. R. Stewart, Eugene Weathers, Richard Spencer, E. W. Donaldson, Chas. E. Carter, Benj. Carter, Short & Cross were among the contractors who received the burden of the work.

Bids for the work not contracted for by the property owners were opened. W. R. Stewart proposed to do all of it for 11 1/2 cents per square foot.

Frank E. Short proposed to do all not covered by private contract for 10 1/2 cents per square foot.

Richard Spencer proposed to do the work for 12 cents per square foot.

Eugene Weathers' bid for the work on each of the streets where improvement is to be made was 11 1/2 cents per square foot. Or if the city would award him the contract for all the work he would do it for 9 cents per square foot.

On motion of Price all bids together with certificate of private contract were referred to committee on public improvements.

On motion of DeGolyer it was ordered that all this paving must be completed by July 1.

A resolution by Binder was adopted for paving with brick all the unpaved sidewalk on north side of Brown between Lynn and Walnut.

Also one for same kind of improvement on north side of Bruce between Chestnut and Jeffersonville avenue.

Also one for concrete pavement on west side of Poplar between St. Louis avenue and Tipton street.

A resolution by Bretthauer for paving with concrete or brick both sides of Laurel between Carter and Walnut was adopted.

A resolution by Miller was adopted for the improving of sidewalk on south side of South between Jeff. avenue and Chestnut street.

Also one for same kind of improvement on north side of South street between Jeffersonville avenue and Carter street.

A resolution by DeGolyer was adopted providing that hereafter when improvements are to be made under the Barrett law, that the contract for the work shall be awarded to the lowest and best bidder and that no private contract will be honored unless submitted prior to the time set to receive bids. This resolution will not apply to work for which resolutions have already been passed.

A petition from property owners on Bruce street praying that C. H. Spray & Co. be required to move stone on that street. Mr. Spray was present and

### Mrs. Bradish, of Detroit, Wrote Mrs. Pinkham and Tells the Result.

[LETTER TO MRS. PINKHAM NO. 82,310]  
"About two years ago I began to run down and soon became almost a wreck. I lost my appetite and began to lose flesh; my blood was impoverished and I had to leave our store."

"The doctors gave me a little tonic, but I steadily grew worse and consulted another doctor. He helped me in some ways, but my headaches continued, and I began to have night sweats and my rest was so disturbed that I would have hysteria and would cry and worry over business matters and my poor health."

"Finally, husband took me South, but with no benefit. This was a year ago; no one can ever know what a winter of misery I spent. Would boast after eating and was troubled with palpitation of heart and whites. Having read by happy chance of your medicine, I bought it and wrote for your advice, and before having finished the first bottle of Lydia E. Pinkham's Vegetable Compound, the hysterics nearly stopped and I slept soundly."

"I used seven or eight bottles with such benefit that I am as healthy as I can ever remember of being. I shall never cease to sound your praises."—MRS. E. M. BRADISH, 179 DIX AVENUE, DETROIT, MICH.

Mrs. Pinkham's advice is at the free disposal of every ailing woman who wishes help. Her address is Lynn, Mass. Every case is sacredly confidential.

asked that the council investigate before taking action. Referred to improvement committee.

A few matters of more or less importance was briefly attended to under the head of miscellaneous business. Adjournment at 10:45.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for a case failed to cure. Send for circulars and testimonials.

## IF YOU HAVE KIDNEY BACKACHE

Here Is Five Minutes Good Reading to Rest It On.

It is commonly supposed that everyone knows the symptoms of Kidney complaint, but upon investigation it has been discovered that very few people know them. So, for the benefit of the public at large, we will give you twelve of the most common symptoms. They are:

- First: Kidney Backache.
- Second: Urinary Disturbances.
- Third: Highly Colored Urine or with Sediment.
- Fourth: Scalding or Painful Discharge of Urine.
- Fifth: Frequent Desire to Urinate.
- Sixth: Scantiness or Excessive Discharge of Urine.
- Seventh: Shooting Pain up the Back or Down the Limbs from the Kidneys.
- Eighth: Headache in the back of Head.
- Ninth: Pain in the Groin or Bladder.
- Tenth: Excessive Thirst.
- Eleventh: Bloating of the Feet, Limbs or Body.
- Twelfth: Nervousness, Unrest and Sleeplessness.

Morrow's Kidney-cure cures every one of these and in so doing tones up the general system making every person feeling like new. We publish a small booklet called The Vital Question which goes into detail on kidney diseases which is a valuable little volume and is mailed free of charge to any one sending full name and address plainly written, with stamp for remailing. It fully explains kidney disease from its beginning to its ending without leading the reader through large medical phrases and terms which are not readily understood.

The human system is like a clock which keeps all kinds of time or none at all, when it gets out of repair or needs cleaning. The kidneys get just this way; they need cleaning from the fact that they are filters of the system for all liquids that pass through it. Your body needs bathing, your hair needs cutting, your nails need trimming, your teeth need filling, your eyes need glasses and your kidneys need to be kept in a healthy condition if you wish to be HEALTHY. This is a good, common sense argument and you know it. Morrow's Kidney-cure is a scientific preparation and cures this disease and we warrant it, or your money back.

Morrow's Kidney-cure are small Yellow Tablets (not pills) which makes them easy to take, agreeable to act and just what the system needs to tone it up and expell disease. Alpha Cox, the Druggist, has a fresh stock of them on hand. They cost but fifty cents a box, which makes them within the reach of everyone. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

**COURT OF INQUIRY**

Inspecting the Chicago Packing Houses Preparatory to Taking Testimony.

**THE CANNING DEPARTMENT**

Visited and the Process Watched by the Board—Saw Some Roast Beef That Had Been to Porto Rico and Tested It—At Least One Packer to Be Examined.

Chicago, March 10.—The court of inquiry to examine the beef question has begun its work in this city, where are located the plants of the packers which had the contracts for supplying the army with animal food. Two of the members, Brigadier General George W. Davis and Lieutenant Colonel George B. Davis, the judge advocate and recorder, reached here Wednesday night the other two members, Major General James F. Wade and Brigadier General George L. Gillespie, arrived yesterday.

A short executive session was held yesterday at the army headquarters in the Pullman building and it resulted in a decision to defer the taking of testimony until after an inspection had been made of the packinghouses at the stock yards, where the refrigerated beef and canned beef are prepared.

The court began in the killing room. The next place visited was the cooling room. Here were found several halves of beef which had been condemned either because the beef was badly bruised or gave evidence that the animal had had tuberculosis. This condemned beef had been placed by itself and, while the court was present, men came in to remove it to the rendering tanks, preparatory to turning it into a fertilizer. The court examined these tanks carefully, possibly in view of the statement that the carcasses passed through them. There certainly was no evidence of such passage. From this room the court was taken to the one in which the meat is prepared for canning and saw the men at work cutting up the meat.

The next room visited was the canning department. Here the cooked meat was brought in a huge outdoors, deposited on a platform and put into cans by machinery, the cans removed and sealed. Next the cans were put under a heat of 250 degrees—the sterilizing process.

While the court was in this room a number of cans of roast beef which had an old appearance, and which, it was said, had been in Porto Rico, were opened. The meat inside was good and the members of the court tasted it, but, of course, expressed no opinion. Subsequently the court was shown through the printing, packing and other branches.

After leaving the yards, the court went to the bureau of animal industry, a branch of the agricultural department, and obtained some information from W. S. Devoe, who is in charge.

This morning the court went to the stockyards and spent the entire day there, in looking over three other packinghouses.

While the board may hear anyone who appears, it is probable that they will not continue the line of inquiry followed at Washington. Colonel Davis said, "We have examined everybody from the private to the major general who ate any of the beef in Cuba or had information about its condition there. At least one packer is to be examined—the one who furnished most of the canned roast beef to the army."
